

Ultra Aluminum™ Railing Gates are Perfect for Walkways and Entrances

Our walk gates make ideal entryways to front and back yards, sidewalks and pools.\*

Ultra Aluminum™ Railing Gates are designed to be as strong and as functional as our railing systems. Our gates are made to tight specifications, with stainless-steel fasteners securing each baluster to the rails, and welds at all the connection points.

\* Can be Special Ordered 48" High to meet Pool Code Requirements.

## Design Options

Ultra Aluminum™ Railing gates are designed to match your railing system perfectly—balusters, rails and posts.

UARG-200 2R Two Rail

UARG-200 3R Three Rail

## Colors

Our special Ultra Powercoat™ finish is resistant to harsh weather and heat.

Colors shown represent an approximate comparison and may vary slightly from actual product color.

## Gloss or Textured Finishes

Our advanced Powercoat™ finish allows us to produce a high-quality, long-lasting finish, which is also environmentally friendly. Powercoat is twice the thickness and hardness of a typical baked enamel finish, and meets AAMA 2604 standards for the ultimate in durability and UV Protection.

## Materials

All Ultra Aluminum™ railing components are extruded from Ultrum™ 6005-T5 alloy, with a minimum ultimate strength of 35,000 psi. Ultra Aluminum posts come in a variety of thicknesses, and are also Powercoat™ finished.

## Environmentally Responsible

Ultra Aluminum™ is proud to use recycled aluminum in our products. Aluminum is the most commonly recycled metal in the world. Our Powercoat coating process is environmentally friendly and virtually pollution-free.

## Ultra Lifetime Warranty

Ultra Aluminum™ railing products are guaranteed for life against defects in workmanship and/or materials. The Powercoat™ finish is guaranteed for life against cracking, peeling or chipping.

Visit our website for more information and a copy of the warranty.
