

This modular system works perfectly with Ultra Signature™ and Ultra Max® Railing

Ultra Signature™ 1.5" secondary handrail is a modular system designed to meet the railing code requirements for the Americans with Disabilities Act and Uniform Federal Accessibility Standards. The advanced mechanical design allows flexible ordering of parts and kits along with on-site assembly without any need for welding. All materials are powder-coated aluminum and will not rust.

New for 2021--

D-Loop Kit

1.5" Secondary Rail Stair Tower Landing Drop Transition Kit

Ultra Aluminum™ has designed our secondary handrail system to blend seamlessly with all our railing designs, offering an extra level of safety, strength and accessibility for any building, deck or porch.

Made with a high-quality powder-coated finish that is AAMA-2604 compliant, our components resist fading, chipping and corrosion. Brackets include fasteners for aluminum post installations. Aluminum rings hide railing seams for a smooth transition between components, and aluminum end caps conceal open rail ends.

Standard Ultra Aluminum Colors							Premium Colors*		
BL	TB	BR	TZ	TK	WH	TW	GR	SI	BE
Gloss Black	Textured Black	Gloss Bronze	Textured Bronze	Textured Khaki	Gloss White	Textured White	Gloss Green	Silver (RAL 9006)	Gloss Beige

Environmentally Responsible

Ultra Aluminum™ is proud to use recycled aluminum in our products, and our Powercoat™ coating process is environmentally friendly and virtually pollution-free.

Visit our website for more information and a copy of the warranty.

Ultra Lifetime Warranty

Ultra Aluminum™ railing products are warranted for life against defects in workmanship and/or materials. The Ultra Powercoat™ finish is guaranteed for life against cracking, peeling or chipping.

Gloss or Textured Finishes

Our advanced Powercoat™ finish meets AAMA 2604 allowing us to produce a high-quality, long-lasting finish.

Ultra Aluminum Alloy

All Ultra Aluminum™ railing components are extruded from Ultrum™ 6005-T5 alloy, with a minimum ultimate strength of 35,000 psi.
